

Walk for Health 20th June 2011 – Lane End

On Monday 20th May Ron Collins led a Walk for Health. Having meet at the Village Hall 7 people and a dog made their way to Lane End in shared cars.

The walk started in the car park opposite Lane End Village Hall and we made our way past the Jolly Blacksmith pub, through Fining Wood and Long Copse and Hanover Hill to Fingest Lane where we stopped for a coffee.

View looking over towards Fingest

A well earned rest

Moving on up Fingest Lane we soon turned into a field where we made our way to Fingest Church. Turning left onto the main road we soon turned right into a field and up into Fingest Wood and headed back towards Lane End.

Some how we missed our turning and ended up on the edge of Moor Common. On consulting an OS map we decide not to turn back but take a slightly longer route back to Lane End car park.

Another spectacular view

The views all along the entire walk were spectacular.

After the walk we came back to Naphill Village Hall and spent a relaxing and enjoyable time in 'Bon Ami'.

Many thanks to Ron for leading this walk.
